

PWD Control

| | |
|----------------|---|
| PWD Control Id | 75 |
| Crop ID | Malabar Spinach |
| Pwd Name | Root-knot nematodes (Meloidogyne spp.) |
| Pwd Type | Pest |
| Causal Agent | <i>NULL</i> |
| Symptoms | <i>NULL</i> |
| Control | The damage is reduced by the application of a high dose of organic manure. Crop rotation with non-susceptible crops such as maize or amaranth is recommended. |
| Notes | <i>NULL</i> |
| Metadata Id | 8,638 |
