

Uses

ID	443
Crop ID	Ivy Gourd
Part	Fruit
Use Category	Medicinal
Notes	C. grandis is reported to have a wide range of medicinal properties. Pekamwar et al. (2013) reported C. grandis to have 'analgesic, antipyretic, anti-inflammatory, antimicrobial, antiulcer, antidiabetic, antioxidant, hypoglycemic, hepatoprotective, antimalarial, antidyslipidemic, anticancer, antitussive [and] mutagenic' properties. Very low concentrations of crude extract of C. grandis were shown to have an inhibitory effect on the cervical cancer cell line HeLa.
