

Utilisation Status

ID	270
Crop ID	Canihua
Location	South America
Utilisation Status	Underutilised
Source Year	2,015
Notes	The article mentioned that canihua (<i>Chenopodium pallidicaule</i>), an underutilised Andean seed crop that has remarkable frost tolerance (Jacobsen et al. 2005, 2007; Rojas et al. 2010), is yet another little-known crop of great promise.
